TEMPE BOY TO BE FIRST LIEUTENANT

TEMPE, Nov. 25.—Tempeans will be glad to learn that E. Carlson, who is attending the officers training school at Leon Springs, is to get a first lieutenant's commission. After the close of the school Tuesday, Carlson will have a two weeks furlough before entering upon his army duties. He is in the field artillery. When in Tempe, Carlson was connected with the Farmers and Merchants' bank, and succeeded Horace Griffin as Republican reporter for Tempe. His many friends here are glad to hear of his appointment, but feel it was earned in every way.

Church Services
All the Tempe churches will have church services this morning and at 7:45 o'clock this evening. Sunday school will open promptly at 10 o'clock. All strangers in Tempe will receive a cordial welcome at the church of their choice.

New Daughter
Mr. and Mrs. Frank Hanna are rejoicing over the arrival of a daughter in their home yesterday afternoon.

Free Dirt
The normal has a pile of dirt that anyone wishing, may have a load or two free. Those desiring information see L. C. Anstine, the superintendent of the campus.

Class Party
One of the interesting events in church circles occurred Friday evening when a joint meeting of the Hamby classes was held in the parlors of the Methodist church. The women had prepared a bountiful supper to which nearly forty of the class members sat down.

After supper, T. A. Bailey, president of the men's class called upon several present to make short talks and the following responded, J. B. Cook, E. C. Adams, F. G. Fisk, Dr. Hamby, Prof. E. A. Row, Mrs. J. B. Cook, Mrs.

Ball Game
Thursday afternoon there will be a double header ball game between the Tempe and Florence high schools. The game will be called at 2 o'clock on the high school grounds. Recently the local school went to Florence and both the home teams were victors, so the game promises to be a real live one. Tuesday the teams of the high school will go to Chandler where both the boys and girls will play the Chandler high school teams.

Goodwin Sells
G. A. Goodwin has sold his interest in the Tempe opera house to his brother, Wm. Goodwin, who will have entire charge after tonight.

MESA MAN NAMED CAPTAIN IN ARMY

MESA, Nov. 25.—W. J. LeBaron is in receipt of a telegram from his son, Captain Edwin LeBaron at Leon Springs, Tex., training camp, stating that he had been appointed captain in the army reserve, active duty. This is understood by the father to mean that while Captain LeBaron is above the age of the draft or compulsory service, he has been scheduled for active duty in the army. The captain will not be new in the performance of his duties as he has had long experience in the Arizona National Guard and has a reputation for efficiency in the drilling and shaping up of men for army service. He served a number of months on the border at the time the army was massed along the Arizona-Mexico line.

Mesa-Gilbert Basket Ball
The Gilbert High school basketball

teams came to Mesa Friday night and tackled the husky boys and handsome girls of Mesa high. An unlucky thing to do as evidenced by the score of 62 to 8 for the Mesa boys and 10 to 8 in favor of the local girls. A special and attractive feature of the evening was an exhibition given by the tumbling team of Mesa high. A large and appreciative crowd of fans were on hand, quite a number being from Gilbert.

Fisherman's Luck
J. D. Robertson, Homer Stevens and Leo Lesueur returned late Friday evening from a two days trip to Roosevelt dam. The fish were wary, knowing full well what would happen if any of the above trio got them on the hook, so the returning fishermen reported nary a bite.

Would not Burn Picture
A few days ago the Mesa column told of the ready response of a Mexican to the "Star Spangled Banner" when the national air was played at the state fair. Now the Mexican gentleman who was somewhat chagrined at the Mexican suggestion that he remove his hat, has one on this column, for yesterday while the reporter was having a hard working Mexican clean up the yard, the latter came across a crumpled picture of President Wilson, and was instructed to burn it. He refused, saying he would not burn the picture of the president.

Navy Lad Here
H. H. Johnson, son of Mr. and Mrs. H. F. Johnson, has come home for the purpose of spending a ten days furlough. He is looking bronzed and strong. Yesterday the lad with his natty sailor suit was walking down the street between two stalwart young giants from the detachment of the regulars stationed at Granite Reef, and the trio looked mighty good to those who are fond of "The army and navy forever."

Operated on at Hospital
J. Z. LeLue of the Mountain States Telephone company has undergone an operation at the Southside hospital. He is doing well.

Ada Roach Company
The next number of the Mesa High School Lyceum course will be presented at the Orpheum theater on Saturday, December 1. Ada Roach and company will present a musical sketch entitled, "The Heart of the Immigrant." This company is rated as one of the most capable now appearing before the public. The program is primarily a musical program with a powerful theme. It depicts the various types of immigrants as they land in New York, homesick, downhearted, perplexed with new situations, growing off all their troubles through the medium of song. Miss Ada Roach is a woman of deep sentiment, broad sympathy, with a wonderful power of humorous impersonations. She has surrounded herself with a company of six people, each of whom is an artist in song and impersonation. The company will present in costume many of the native folk songs of the immigrants. Everything from humor to pathos is presented in the evening's program. No one has ever heard this company who has not been delighted with their efforts. Reservations can be made at Everybody's Drug company, any time next week.

CLEARING HOUSES, ETC.
NEW YORK, Nov. 24.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$113,333,950 reserve in excess of legal requirements. This is an increase of \$4,123,350 from last week.

WEEKLY MARKET REVIEW
NEW YORK, Nov. 24.—The week in the stock market was again governed almost entirely by immediate foreign and domestic developments. The British offensive in France heartened sentiment more than any other event of recent months but was counterbalanced both by the chaotic conditions in Russia and the increase in the stock of confronting the railroads of this country. Unity and co-ordination in the future conduct of the war strengthened the foreign exchange market, except Italian remittances which fell to a point indicating the acute economic disorder prevailing in that country. In speculative circles there appeared to be a growing recognition of values, especially in industrial shares. This was most evident in the steel, some of which made appreciable gains on the week. The general list closed well above recent minimums but experienced occasional opposition from professional interests. Pools withdrew their activity in special stocks mainly those comprising minor war issues. The movement in these securities was predicted in part upon further awards of large contracts.

MARKET LETTER
By R. Allyn Lewis

We are having a rational market. Stocks that ought to go down are going down and stocks that ought to go up are going up.
Tobacco products responded to the good news in the morning papers and made an advance of 2 1/4 points. Rep. Steel made a new high and Gen. Elec. on the announcement of its large issue of new stock sold off sharply. This is not propitious for stock allotments. An industrial stock rose 5¢ per share and selling around the price of Gen. Elec. does not look to be on the bargain counter compared to many other securities of similar character. The feeling in the street is not better.

The advance in the market is restoring equities and this gives new buying power. Interests which have held aloof until the stampede was over are now buying the stock. The market is something unforced, next week's market should be higher.
The tendency now looks to be upward and people are disposed to buy stocks and bonds instead of selling them on rallies.

Tempe

3c to \$3.00 or Higher

You would certainly smile if ARIZONA OIL & REFINING shares went from 3c to \$3.00 or higher—especially if you owned a block of the stock. You would have a sad, sick smile if you didn't have from 100 to 10,000 shares.

There isn't a man or woman who isn't able to handle at least a few dollars' worth of these shares and they would buy—they would take the chance if they would consider just a few facts pertaining to the organization, management and plans of this company. In giving you these facts below we will "boil" them down. If you will write for the literature you will find them elaborated.

1.—The company is being managed by such well known Arizona men as Hon. David F. Johnson, State Treasurer; Hon. H. G. Richardson, County Attorney for Pinal County; Mr. E. A. Edwards, the noted geologist. AS AN OIL EX- PERT, Mr. Edwards is endorsed by E. L. Doheny, Lyman Stewart, President of the Union Oil Company, even the Standard Oil Company speaks highly of E. A. Edwards.

2.—The company owns a quit claim deed to 640 acres in the Chino Valley Oil Field of Arizona where oil has already been discovered. This field has been passed on by Dr. Etienne A. Ritter, known the world over as an eminent geologist, at present connected with the Midwest Oil of Oklahoma.

3.—The company has a permit to sell its shares, issued by the Arizona Corporation Commission. The permit is signed by Hon. F. A. Jones, and Hon. A. A. Betts.

4.—All the shares are treasury stock, not one solitary share of promotion stock, no one gets a share, not even the officers and directors, unless it is actually paid for.

5.—The company's capitalization is \$500,000—par value 10c—and the General Securities company—with the cooperation of the people of Arizona—will sell sufficient stock to net the company approximately \$100,000—or enough to sink at least two wells to a depth of 2000 to 2500 feet.

6.—Not one dollar of salary is being paid to any of the officers or directors, even E. A. Edwards' salary does not start until the 1st of December, when he assumes charge of actual operations.

(NOTE: You may ask at this point why this unusual organization, why these philanthropic motives. It is simply this—the syndicate which organized this company controls thousands of acres of land adjoining the property owned by the Arizona Oil & Refining Company. When this company strikes oil, their land will be worth millions of dollars where it is worth today thousands. Why shouldn't they allow every dollar that goes into the treasury to be used for a development fund?

7.—The General Securities Investment company believes sincerely in this proposition. Their books show today that they own several hundred thousand shares of the stock that they have not sold. They are prepared to spend \$25,000 in publicity to thoroughly familiarize the western people with this project. WE OFFER TODAY THE UNSOLD BALANCE OF OUR ALLOTMENT AT 3c A SHARE—3c NOW AND 3c WHEN OIL IS STRUCK. There is only a limited amount left at this price, the next advance will bring the stock to its par value—10c. When the drills begin to penetrate the ground every share is worth its par value. When the company starts to drill it will keep drilling, for the people of Arizona from the map as an oil producing state—and when we find the oil, \$3.00 a share for this stock will look just as small, we believe, as 3c does today. One well producing 100 barrels daily will make the stock worth from \$5.00 to \$8.00 a share.

The Discovery of Oil In Arizona Is An Established Fact

THE UNITED CHINO OIL & REFINING COMPANY owns by deed, 990 acres of land in the CHINO VALLEY, where oil has ALREADY BEEN DISCOVERED, and where experts believe the next great oil fields of this country will be developed.

The officers of this company have acquired land that was located by an expert oil man many months ago, before the great oil excitement in connection with the CHINO VALLEY was in full swing, and when the choice sections of the valley were there to pick from.

Backed by the opinions of some of our greatest oil experts and geologists, the men of affairs behind this company—MEN WHOM YOU KNOW—believe the development of this company's property will return enormous dividends to those who come in now and help in the development.

Practically every mining man in the state knows JACK BOLIN, President of this company. Jack says:

"Oil is a speculation—we cannot guarantee to bring in an oil well, but WE DO PROMISE THIS—IF THERE IS OIL UNDER OUR GROUND, WE'LL FIND IT." In other words—you'll get a square run for your money and IF WE WIN, YOU WIN BIG.

This stock is being offered for sale by the Company or its direct representatives, and YOUR MONEY, less the commissions authorized by the Arizona Corporation Commission, WILL BE EXPENDED BY MEN YOU KNOW, old timers in this state, in developing the property of the UNITED CHINO OIL & REFINING COMPANY.

WILL YOU BACK UP JACK BOLIN, FRANK BROWN and GEORGE MACBEAN, in their efforts to bring in oil in the CHINO VALLEY—will you come in with these men on the new industry which looks so promising for the future? \$25.00 now gives you a thousand shares—\$100.00 gives you 4,000 shares. You can't lose much, and IF WE WIN, you'll never have to worry any more about the high cost of living.
